

YOHANIS TASFA

MERN STACK DEVELOPER

HARAR, ETHIOPIA

ABOUT ME

A MERN Stack Developer with a strong foundation in modern web technologies and a passion for building responsive, user-focused digital solutions. Currently pursuing a Bachelor's degree in Software Engineering at Haramaya university while advancing my skills through online MERN-STACK courses and hands-on projects. Experienced in both front-end and back-end development using the mern stack, with a commitment to writing clean, maintainable code. I bring discipline, problem-solving ability, and attention to detail, supported by a background that has strengthened my focus and work ethic.
